

# Preferred Protection Roofing System Limited Warranty

Strong coverage for your roofing system.

# Preferred Protection Roofing System Limited Warranty\*

Strong coverage for your roofing system.

## Protect your investment

A healthy roof consists of many parts. With the Owens Corning Roofing and Asphalt, LLC ("Owens Corning") Preferred Protection Roofing System Limited Warranty,\* every Owens Corning® component — including installation — of your Total Protection Roofing System®^ is covered by an extended limited warranty, **including a 10-year limited warranty\* on workmanship<sup>6</sup> coverage**. It's a smart way to help ensure your investment is protected for years to come.

## Peace of mind

The Preferred Protection Roofing System Limited Warranty\* has up to a 50-year "non-prorated" period for both material defects and the labor to repair or replace them, whereas many standard warranties have a 10-year non-prorated warranty period. With the Preferred Protection Roofing System Limited Warranty,\* you can rest easy knowing you have this coverage.

In addition, you will receive 10 years of workmanship<sup>6</sup> protection. Meaning, if your roof is found to have an application error, Owens Corning Roofing will arrange to have it repaired, with labor, materials, tear-off and disposal costs all covered.

## Coverage

The Preferred Protection Roofing System Limited Warranty\* provides coverage for both material defects and the labor to repair or replace them, including tear-off and disposal. Additionally, every Owens Corning® roofing component, except the electrical components of the VentSure® Solar Attic Exhaust Fan, and VentSure® off-ridge exhaust vents, take on the warranty of the shingle installed, in many cases, extending their warranty period. The Preferred Protection Roofing System Limited Warranty\* does not cover non-Owens Corning® roofing components such as flashing, fasteners or wood decking.

## One-time transfer\*

Whether you're staying in your home for years to come or planning to sell, the Preferred Protection Roofing System Limited Warranty is transferable,\* making it an excellent investment. If you're planning to sell, this warranty may provide a highly desirable benefit to future homebuyers.

## Requirements

To be eligible for the Preferred Protection Roofing System Limited Warranty,\* you must purchase and install

Owens Corning® shingles and at least four of the following Owens Corning® roofing components (one product from each category where applicable):

- WeatherLock® Self-Sealing Ice & Water Barrier products
- Owens Corning® Underlayment products: FIBERGLAS™ Reinforced Felt, ProArmor® Synthetic Roof Underlayment, Deck Defense® High Performance Roof Underlayment, RhinoRoof® U20, Titanium® UDL25, Titanium® UDL30, Titanium® UDL50, or Titanium® PSU30 Synthetic Underlayments.
- Owens Corning® Starter Shingle products
- Owens Corning® VentSure® Ventilation products: If a VentSure® product is used it must be part of a balanced air ventilation system consisting of both functional intake and exhaust ventilation products. If a VentSure® intake vent AND VentSure® exhaust vent are both used, this will count as one of the four requirements previously mentioned.
- Owens Corning® Hip & Ridge Shingles

In addition, you must meet the following requirements:

- An Owens Corning Roofing Platinum or Preferred Contractor must install your roofing system and adhere to local building codes.
- Your roofing system must be installed over an approved underlayment on a clean roof deck with all existing roofing material and debris removed.\*
- All shingles with a limited Lifetime warranty\* (see chart) must be accompanied by an Owens Corning manufactured Hip & Ridge product.

This warranty must be registered by your Owens Corning Roofing Platinum or Preferred Contractor within 60 days of the installation.

# The Total Protection Roofing System<sup>®^</sup>

Total Protection Roofing System<sup>®^</sup> is the name we give our system of Owens Corning<sup>®</sup> roofing components. Coverage under the Standard Roofing System Limited Warranty<sup>\*</sup> is determined by the number of Total Protection Roofing System<sup>®^</sup> components installed on your roof. See **REQUIREMENTS** for more information. Non-Owens Corning<sup>®</sup> products, such as flashing, fasteners and wood decking, are not covered under the terms of this warranty. The graphic below helps you see where these Owens Corning<sup>®</sup> roofing products are typically located on a roof deck. From beautiful, water-shedding Owens Corning<sup>®</sup> shingles to ventilation, ice and water deck barrier and starter shingle products, the Owens Corning<sup>®</sup> Total Protection Roofing System<sup>®^</sup> is designed to increase the performance of your roof.

## HELPS CREATE A WATER-PROOF BARRIER
